Don't Forget: School is closed this Friday, 1 April

Dates for your Diary

Tue 29 March: FoLBS AGM 7.30pm online [FoLBS AGM](#)
Fri 1 April: **Teacher Only Day** school closed for a
Kahui Ako Bi-Cultural Hui
Mon 4 April: Learning Conversations
Wed 6 April: Learning Conversations
Thur 14 April: Last day of Term 1. Finish at 3.00pm

As salamu:

[Learning conversations](#) are on the 4th and 6th April and can be booked through www.schoolinterviews.co.nz - use the code [gusqh](#). Time blocks are 25 mins, but you can come anytime during that time. Four or five learning conferences, that are student led, will be held at the same time in. You can 'flow' into a conference slightly earlier or later. This is an opportunity for your tamariki to share their goals and their learning with you. You can also move to any of the rooms where your child learns in the hub and have your child share what happens in each space. You could be involved in a variety of activities during the time - looking at samples of learning, doing an activity that supports learning, talking about goals and what your child is working on, what you and the kaiako (teacher) might do to support these goals, looking at work around the classroom. At some point during the conference, the kaiako will check in with you to help support, but remember that your child leads the conference.

These Learning Conversations are not linked to a 'report'. Report comments will be sent to you through HERO, in a timely way during the year. You may have already received some of these. If you are unsure, please just ask. If you wish to discuss anything other than learning, please make a separate appointment to meet with me/us. There is no need to scan but please sanitise and wear a mask.

On the day

Come with your child
Listen - your child will do most of the talking
Keep the conversation focused on learning
Use the prompts below or from the teacher kaiako
Celebrate, celebrate, celebrate
Switch your phone to silent or aeroplane mode

[Some questions you might like to ask your child during the Learning Conversation...](#)

What were you learning to do in this piece of work?
What were the steps you went through to learn this?
What helped you to learn this?

What do you need to learn next?
What are you most proud of? Why?
Tell me about your learning at the moment.
Which area of learning do you find easiest? Why?
Which area of learning do you find trickiest? Why?
What could we do together to help you with this learning?

[Important things to remember](#)

Your child will run this - not you or the kaiako teacher. Your child must be here.

Children are always proud to celebrate what they have been learning. Some things they show you will be incomplete, or may have 'mistakes' as we encourage our children to see learning as a process, not a finished product. This week's video is about being Back Together on HERO. Tamariki were so excited on Monday when they could mix with all their friends across the school.

[Friends of Lyall Bay School](#) (FoLBS), of which each parent is a member, is having the [AGM](#) tonight. The link to the online meeting is in the dates for your diary. It would be great to have you join the meeting.

If your tamariki test positive for COVID please email principal@lyallbay.school.nz. Let the Ministry of Health know too. We will mark it on HERO and kaiako will be aware. We now have **22** active cases, some tamariki isolating and **85** recovered cases. If your tamariki are [unwell or showing symptoms](#) please keep them at home and get a test. Tamariki can return to school [after](#) their seven day isolation period, this means they [return to school on day eight](#), as long as they have no new or worsening symptoms.

Please remember that if your child is [sick](#), or is not attending school for any reason, please let [the office](#) know. This is for the [safety](#) of your child.

School is **CLOSED** on Friday 1st April for a Teacher Only Day.

Stay well, Melanie

Covid Isolation Information:

Summary of Recent Changes

The self-isolation period is now 7 days

Remember: After you test positive, you do not need to do further tests. If you feel well after 7 days of isolation, you can return to work/life as normal.

Here is the key info you need to know

1. Anyone who tests positive for COVID-19 or lives with someone who has tested positive will have to isolate for 7 days. If you still have symptoms on day 7, you should stay home until 24 hours after you no longer have symptoms.
2. If you live with someone who has COVID-19 you should **test on days 3 and 7**. Your isolation period starts from the date of your positive test or the day you started having symptoms, whichever came first.
3. **Household contacts don't need to self-isolate if you have had COVID in last 3 months.**

What if I am a household contact and more than one person in my house is positive? When does my isolation period end?

The isolation period for household contacts ends when the first positive case in the household has completed day 7, provided the household contact has no new or worsening symptoms and tests negative on day 7.

Your 7 days of self-isolation starts again on the day of your positive test or the day your symptoms started. Whichever comes first.

BigAir Gym:

At Bigair Gym, the classes are structured and follow a badge programme. This quality coaching & structure creates motivated and focussed learning, which allows children to focus on goals, gain feedback, reflect, and apply this to achieve through the levels! This type of training develops confidence, resilience and a positive attitude towards personal challenges and new learning. Parents keep telling us that Bigair Gym classes are having a positive influence on their children, and they are benefiting from learning these lifelong skills outside of the gym. So, don't miss out on this for your

children! **Book online for Term 2 classes from the 4th April into GYMNASTICS, TUMBLING, FREE RUNNING (Parkour with flips), TRAMPOLINING & CHEERLEADING!**

Music Holiday Programmes:

The highlight of our holiday programme is, without a doubt, the busking trips. It could be the money the kids make and keep, it could be the thrill of doing something scary and overcoming that fear, which then turns into fun and excitement. One thing we do know is that the individual confidence each pupil gains from the experience can be life-changing. I remember going busking for the first time when I was 19 and needing quite a bit of Dutch courage to get through (information I don't share with the kids! 😊)

The whole week is lots of fun and the teachers involved are some of the best we have here at the Rock Academy. Our holiday programme is great for beginners and more advanced pupils, and the improvements in their playing abilities are evident in every holiday programme. Ideal for singers, guitarists, pianists and bassists. Contact us today to book or for more information.

Held at EBIS and suitable for ages 6 to 14.

Lesson Costs: We try to keep the lesson costs as low as possible and ours are below other music school prices. However, due to rising living and petrol costs, we are forced to increase the cost of our lessons and band school fees. The new cost for mobile lessons will increase to \$45 per half hour and band school fees will rise to \$30 per week. We hope that we can continue to provide our service to you and your children and these changes won't affect anything moving into the future.

Lots of fun, busking trips every day and activities with personable inspiring teachers. Perfect for building confidence in creative children who would like to explore music or take their playing to a new level. Ideal for young singers, guitarists, pianists and bassists. Contact us to book or for more information. Email geoff@therockacademy.co.nz or call 021 565 750.
